Subject: FW: Proposed Agenda and Bios

Hi Ken,

GCS passed along the agenda for today's call and passed along some information about the meeting attendees in the email below. The agenda is attached to the meeting as well.

So you are aware, we had a very brief Teams test call with Benjamin Heard and Ross Andrews yesterday. GCS wanted to make sure they could screenshare today. They had a couple questions about the GSDT, which I answered. They also indicated they had questions about the review process and sharing data with EPA as they complete it. I noted these were topics they could discuss with R6 today.

Best,
Molly

Subject: Proposed Agenda and Bios

Thanks again for arranging the call this afternoon. The attached includes a proposed agenda and bios for the technical team working on the project (which we are calling Project Minerva). You might let your folks know that the first four people shown on the bio page (Peter, Rob, Krzysztoff, and Ross) will be on the call this afternoon, along with several other folks from Gulf Coast Sequestration.

If you need anything else from us before the call, or if you have any questions, please feel free to call my cell: Ex. 6 Personal Privacy (PP)

Thanks,

Jeff
